

ck Calvin Klein Spring 2011 Eyewear Collection

ck is recognised globally as one of the most powerful fashion brands. It is rated #1 for the most frequently purchased designer brands around the world. Ck is for the young at heart individual who enjoys fashion and expressing their personal style.

The design aesthetics and punctuated accents make the Spring 2011 ck Calvin Klein eyewear collection an exciting sequence of sunwear and ophthalmics. Each detail- a ring slipped onto zyl temples or inlayed strips of enamel- add dimension and layers to a collection that defies boundaries.
